The ordinance has been passed by a vote of the people. We hazard nothing in saying that it will be carried by a large majority.

LINGTON AND BIG SANDY RAILROAD.—An ordinance authorizing the subscription by the city of \$50,000 to the Lexington and Big Sandy Railroad was passed by the Board of Aldermen on Thursday night. His appointment, however, has not been made, whether we consider the interests of the institution, or the advantage of those doing business with it. Mr. Telford has been connected with the bank for some years in another capacity, and has given universal satisfaction since his residence in this city. He has made friends of friends who will ever rejoice at his good fortune.

One of them is on the Farmers' Bank of Virginia, which is in the hands of the most practical eye to detect it. The only manner in which they can be detected is by examining the signature of the President of the Bank. The signature is written in fine, and is so written that it can hardly be detected by the eye. The counterfeit is a very fine one, and is a very close imitation of the original.
